Dear,

Your pension has been transferred from Stichting Pensioenfonds Astellas to Pensioenkring Astellas at Stichting Algemeen Pensioenfonds Stap (Stap). This was done on 1 January 2024. We sent you a letter about this in January. As from 1 January 2024, you will accrue pension with us. The amounts transferred are set out below.

Your pension remains the same

Your pension was transferred with due care. No changes were made to your pension during the transfer to Stap.

Your pension after the transfer

Details of your pension as it is with us are provided below. These are the amounts following the transfer.

- The amount of your retirement pension may change up to your retirement due to various reasons such as a divorce or if the extent to which you are occupationally disabled changes.
- Are you divorced? If so, your ex-partner may receive part of your retirement pension. We have not taken this allocation into account here. As a result, your pension may be lower. This was taken into account, however, in the letter you recently received from Pensioenfonds Astellas.
